STYLE WITH SUBSTANCE FROM TOP TO TOE

The superb range of Duchinni™ riding kit has been winning friends across the motorcycle world for several years now.

It used to be the case that you could either have well-designed, stylish riding kit, or low-priced, great value riding kit. But that all changed when the Duchinni™ brand launched in 2004. Finally, everyday riders looking for great all-round gear at affordable prices have the choice of good-looking, well-designed clothing, boots and helmets, produced and engineered by British designers.

Even better, those designers ride bikes themselves, every day, and in all weathers, which gives them a real edge when it comes to producing effective, hard-wearing

products, while staying ultra-competitive on price.

For 2023, Duchinni™ is taking its blend of European design and advanced manufacturing processes to a whole new collection of kit options. The range offers new textile jackets, leathers, riding boots, winter gloves and helmets - all built to the latest CE protective standards, and at great prices. So, you can ride in comfort, safety and style, whatever the weather, without breaking the bank.

**THE OPTIMUM
BALANCE OF
COMFORT AND
PROTECTION.**

For 2023 the majority of products in the Duchinni™ clothing range have been tested at certified external facilities and accredited to meet or surpass current CE Approved standards.

AA Class is one of the highest levels of protection, and ensures that all Duchinni™ clothing that has achieved this certification offers sufficient protection to riders without significant gains in weight or a reduction in the ability of the rider to control the motorcycle.

JOURNEY

TACKLE THE ELEMENTS

The Journey jacket is aimed at the real mile-munchers. Built for comfort and protection, with a tough outer shell and soft Neoprene® collar.

- 600 Denier polyester and leather outer construction
