

Fuelled by Adventure

2023

CLOTHING & ACCESSORIES

Partners in Performance

Weise[™] is a brand created by riders for riders

Fuelled by adventure, powered by passion and inspired by freedom.

Based in the heart of south-west England, the firm has been quietly getting on with making life easier, safer and more comfortable for all kinds of motorcyclists. Whether you're a daily urban commuter, a summer Sunday fun rider, a long-distance commuter, or even a multiple TT-winning road racer, Weise™ makes the perfect kit for your needs.

Several factors are involved in the winning Weise™ formula. Most importantly, the designers and product engineers are motorcyclists, and are immersed in the rich biking culture of the UK. Their experience is hard-won, involving myriads of miles in the saddle whilst analysing the fit and performance of products such as a glove, and details like the sleeve of a jacket or the waistband of a pair of trousers.

The brains behind Weise™ kit come from the region's time-honoured tradition of engineering and design. The firm's head office is based in Bristol, the home of Isambard Kingdom Brunel's famed engineering feat, the Clifton Suspension Bridge. In recent decades, the city has become a centre for technical excellence in the aerospace and other industries, meaning Weise™ shares its talent pool with some of the biggest names in the aviation and technology sectors.

This unique combination of real-world riding with engineering and design heritage gives Weise™ a huge advantage in this cutting-edge market. Meanwhile, partnerships with world-class textile brands such as Cordura™ and Outlast® put Weise™ kit at the forefront of protection and comfort technology.

Designed in Bristol, and then perfected in the real world. It's the Weise™ way.

Range Overview 2023

The optimum balance of comfort and protection.

The majority of products in the Weise™ clothing range have been tested at certified external facilities and accredited to meet or surpass current CE Approved standards.

AA Class is one of the highest levels of protection, and ensures that all Weise™ clothing that has achieved this certification offers sufficient protection to riders without significant gains in weight or a reduction in the ability of the rider to control the motorcycle.
